

# Creative Crew Responsibilities

Congratulations on being selected as a member of the A-Team and specifically as a Creative Crew member. The Creative Crew gets things done to make each appreciation day a success including the following:

1. Design and write thank you notes using the theme to the honorees for each appreciation day. When possible, write individualized notes to each person in the group.
2. Make posters and signs to show appreciation to the honorees using the theme and post them around the school.
3. Decorate goodie bags for each honoree on their special day.
4. If candy bars or water bottles are included in the tokens of appreciation, make labels for them or print the ones included in each packet.
5. Design a poster or banner to use as backdrop for photos on the appreciation day.
6. Participate in the presentation for each appreciation day.

Dr. Del Phillips,

In honor of you for Superintendent Appreciation Day, the students and staff of Beech Elementary collected \$500 to benefit families in need in our community.

Sincerely,  
The Beech Elementary A-Team
